

Huynh Ha Trung

Fresher Quality Control Engineer

Dob: 31/03/1993
Gender: Male

[Redacted contact information]

OBJECTIVE

I am a passionate learner, diligent, and responsible professional. My goal is to start as a Fresher Tester specializing in web and mobile application testing. Within the next year, I aim to become a Junior Tester and obtain the ISTQB certification. In the next three years, I strive to grow into a Senior Tester, continuously improving my skills and contributing to high-quality software development.

EDUCATION

2016 - 2019 **FPT Polytechnic**
INFORMATION TECHNOLOGY
Major: Software Application

WORK EXPERIENCE

- 12/2024 - Present

VIETNAM TESTER TRAINING ACADEMY
Software Testing Course
 - Project: Local Store – Ecommerce Website for Mobile Phones
 - Project Description:
 - Conduct testing for the Graphical User Interface (GUI), validation, and functionality of key modules, including login, product management, shopping cart, checkout, order management, and discount codes.
 - Ensure that the system meets functional requirements, user experience standards, and business logic.
 - Performing data validation by writing and executing basic SQL queries to ensure data integrity and accuracy within the database system.
 - Conducted API testing with Postman by designing and implementing test cases to validate key functionalities such as user authentication, token handling, and information security.
- 9/2023 - 11/2023

TESTINGVN CENTER
Fresher Testing Course
Testing skills:
 - Basic knowledge of manual testing for Windows, Web, and Mobile applications.
 - Understanding of the Software Development Life Cycle (SDLC).
 - Familiar with software testing processes based on the V-Model and Agile (Scrum) methodology.
 - Knowledge of Test Planning & Control, Test Analysis & Design, Test Implementation & Execution, Test Evaluation & Reporting.

- Experience with test case design techniques, including Equivalence Partitioning, Boundary Value Analysis, Decision Table Testing, State Transition Testing, and Use Case Testing.
- Understanding of various testing types and methodologies, including Black Box Testing, Functional & Non-functional Testing, Structural Testing, and Experience-based Testing.
- Proficient in developing Test Scenarios and Test Cases.
- Basic experience in API Testing.
- Familiar with SQL for database validation.

Software and Technologies:

- Database: MySQL, PostgreSQL.
- Defect Tracking tools: Bugzilla, Jira.
- Other: SVN, Sourcetree, Postman.

11/2020 - 2025	Home Business Small Business Owner Manage and oversee daily operations of a home-based food production business.
3/2020 - 10/2020	FPT Software Software Developer Front-End <ul style="list-style-type: none">• Project: AI Teeth Detection.
9/2019 - 2/2020	FPT Software Software Developer Front-End <ul style="list-style-type: none">• Project: Web application SVC Connectivity.• Position: Angular Front End Developer.• Agile Software Development (Scrum).• Industry: HTML, HTML5, CSS, Javascript, TypeScript, Angular 7, Angular Material UI.
6/2019 - 9/2019	FPT Software Software Developer Back-End <ul style="list-style-type: none">• Project: Web application Smart Factory.• Position: Java Back End Developer.• Agile Software Development (Scrum).• Industry: Microservice Architecture, Spring Boot, Postgre SQL.

CERTIFICATIONS

3/2021	Fresher Tester Certification from TESTINGVN (March 2021)
--------	--

SOFT SKILLS

English Proficiency	Basic English proficiency, capable of reading technical documents and writing test cases.
Collaboration & Communication	Collaborate effectively with Developers, Business Analysts, and Project Managers to meet product requirements.
Problem Analysis and Solving	Ability to identify and analyze software defects and determine root causes. Propose solutions to improve product quality and optimize testing processes.
Attention to Detail	Pay close attention to every small detail to ensure software quality. Always double-check results before reporting to minimize errors.
