ABOUT ME

I have over 5 years of experience in programming .NET MVC and .NET Core. I have honed my logical thinking skills and expertise in back-end and front-end business analysis. I am enthusiastic about further developing my programming skills and abilities in the role of .NET programmer at your company. I am confident that the challenges of this position will enhance my professional problem-solving skills, improve products, elevate the brand, and open up opportunities for advancement in my career.

WORK EXPERIENCES

Full stack Developer

GENE SOLUTIONS COMPANY | 11/2023 - Present
