PHP DEVELOPER

Experienced web developer with Drupal , Wordpress and Phalcon, cake php, symfony, laravel

---

PROFESSIONAL SUMMARY

Experienced PHP Backend Developer with expertise in frameworks like Phalcon, CakePHP, Symfony, and Laravel, as well as CMS platforms including Drupal and WordPress. Skilled in building scalable web applications, optimizing performance, and developing custom modules/plugins. Strong background in database management, API integration, and system migrations. Proven ability to upgrade and maintain complex systems while ensuring security and efficiency.

TECHNICAL SKILLS

- **CMS: Drupal, Wordpress**
- **Php Framework: Phalcon, cake php, symfony, laravel**
- **Integration**: HubSpot, Bitrix24, SSO (Single Sign-On), API Development, webhook.
- **Other Tools**: Composer, Drush, WP , Symfony, Artisan, Linux, Apache2.
- **Databases**: MySQL, SQLServer
- **Languages**: PHP, JavaScript, HTML5, CSS3, NodeJS.
- **Frameworks/Libraries**: jQuery, Bootstrap, Twig, Blade.
- **Version Control**: Git..
- **Caches**: Redis, Akamai
- **Services**: Google API, Social APIs (Facebook, X, …)

PROFESSIONAL EXPERIENCE

TAGWW
DRUPAL DEVELOPER
2022 - 2025

EDUCATION

HIGHER DIPLOMA IN SOFTWARE ENGINEERING
FPT UNIVERSITY (APTECH)
2014 – 2016

Backend optimize Drupal-based applications, ensuring
adherence to best practices and coding standards.

BSC (HONS) IN COMPUTING
FPT UNIVERSITY (GREENWICH PROGRAM)
2016 – 2017

MPIRE AGENCY
2019 - 2022

Optimizing backend Drupal-based and PHP framework applications, ensuring adherence to best practices and coding standards.

DFM-ENGINEERING
2017 - 2018

Optimizing backend PHP framework applications, ensuring adherence to best practices and coding standards

---

SELECTED PROJECTS

TEACHINGENGLISH - TEACHING ENGLISH
Professional Experience - Backend Developer
- Led the backend development for a Learning Management System (LMS) website migration from Drupal 7 to Drupal 9. Upgraded the system to Drupal 10 latest version, ensuring stability and performance enhancements.
- Integrated HubSpot to handle user data submissions seamlessly.
- Implemented SSO (Single Sign-On) authentication for user login and signup.
- Developed and optimized ElasticSearch indexing for improved search performance and content retrieval.
- Built and maintained custom Drupal modules to extend website functionality.

Knowledge: Migrate content, Upgrade core, search API, custom module
Technologies: Drupal 9.x 10.x, PHP, MySQL.

BANYANTREEGROUP - BANYANTREE GROUP
Professional Experience - Backend Developer
- Developed a component-based architecture to efficiently manage page sections, ensuring a modular and scalable website structure. Integrated and customized contributed Drupal modules to enhance website functionality.
- Designed and implemented custom Drupal modules to fulfill specific client requirements.
- Optimized website performance and maintained security best practices.
- Collaborated with front-end teams to ensure seamless integration of dynamic content sections.

Knowledge: Migrate content, Upgrade core, Map API, custom module.
Technologies: Drupal 9.x 10.x, PHP, MySQL.

SINGAPORE.INTERCONTINENTAL - IHG SINGAPORE

Professional Experience - Backend Developer
- Built and optimized a multilingual Drupal 9 website, improving content accessibility for global users.
- Implemented language management and translation workflows to ensure seamless content delivery in multiple languages.
- Integrated and customized contributed Drupal modules to enhance website functionality and user experience.
- Developed custom Drupal modules to fulfill specific client requirements and optimize content structure.
- Ensured website performance optimization and adhered to security best practices.

Knowledge: Migrate content, Upgrade core, search API, custom module
Technologies: Drupal 9.x 10.x, PHP, MySQL.

LEARNENGLISH - LEARNENGLISH
Professional Experience - Backend Developer
- Developed and maintained a Drupal 8.x-based website, ensuring scalability and maintainability. Integrated Bitrix24 CRM to store and manage user-submitted data efficiently.
- Implemented webhooks from Bitrix24, enabling real-time data synchronization between the website and CRM.
- Developed custom Drupal modules to handle API requests, webhook processing, and automated workflows.
- Optimized system performance, security, and ensured seamless API communication.

Technologies: Drupal 8.x, PHP, MySQL.

VINHTUONG - VINHTUONG
Professional Experience - Backend Developer
- Developed and maintained a Drupal 8.x-based website, ensuring scalability and maintainability. Integrated Bitrix24 CRM to store and manage user-submitted data efficiently.
- Implemented webhooks from Bitrix24, enabling real-time data synchronization between the website and CRM.
- Developed custom Drupal modules to handle API requests, webhook processing, and automated workflows.
- Optimized system performance, security, and ensured seamless API communication.

Technologies: Drupal 8.x, PHP, MySQL.

DURAFLEX - DURAFLEX
Professional Experience - Backend Developer
- Developed and maintained a Drupal 8.x-based website, ensuring scalability and maintainability. Integrated Bitrix24 CRM to store and manage user-submitted data efficiently.
- Implemented webhooks from Bitrix24, enabling real-time data synchronization between the website and CRM.
- Developed custom Drupal modules to handle API requests, webhook processing, and automated workflows.
- Optimized system performance, security, and ensured seamless API communication.

Technologies: Drupal 8.x, PHP, MySQL.

VIEWFINDER - VIEWFINDER
Professional Experience - Backend Developer
Environment run application : Docker
Technologies: Phalcon 3.4, PHP, MySQL.

FLATTALK (CMS INTERNAL)

Professional Experience - Backend Developer
- Developed an internal CMS platform using Phalcon 3.4, designed to streamline the process of creating and managing websites.
- Designed and implemented a modular architecture, making it easy to extend and maintain the CMS.
- Optimized database queries and caching mechanisms to enhance system performance.

Environment run application : Docker
Technologies: Phalcon 3.4, PHP, MySQL.

MPIRE-CMS3 (CMS INTERNAL)
Professional Experience - Backend Developer
- Developed an internal CMS platform using Phalcon 3.4, designed to streamline the process of creating and managing websites.
- Designed and implemented a modular architecture, making it easy to extend and maintain the CMS.
- Optimized database queries and caching mechanisms to enhance system performance.

Environment run application : Docker
Technologies: Phalcon 3.4, PHP, MySQL.

CRYOSOFT
Professional Experience - Backend Developer
- **Langauge**: PHP, Js, HTML5, CSS3
- **Framework**: Symfony 3.4, Laravel5, Codeigniter
- **Lib support**: TCPDF. Extra Approach: Angular 5, writing API,
- Convert database from MSSQL to MySQL by Codeigniter framework.

LANGUAGES

- Vietnamese (Native)
- English (Intermediate)

PERSONAL SKILLS:

Fast learner with strong problem-solving abilities. Continuously improving programming skills through self-learning, research, and professional development.
